## SUMMARY

Motivated MCA graduate with strong fundamentals in tech support, front-end development, and troubleshooting. Eager to learn, quick to adapt, and passionate about solving problems and enhancing user experience. Currently building skills in system administration, cloud infrastructure, and AI tools support.

## EDUCATION

Master of Computer Applications (MCA)
BSA Crescent Institute of Science and Technology, Chennai | 2025
CGPA: 7.1

Bachelor of Computer Applications (BCA)
CMS College of Science and Commerce, Coimbatore | 2023
CGPA: 7.2

## SKILLS

- **Programming Languages:** JavaScript
- **Front-End:** HTML, CSS, SASS
- **Back-End:** Node.js, MySQL
- **Tools & Platforms:** GitHub, VS Code, npm
- **Soft Skills:** Communication, Patience, Problem-Solving, Teamwork
- **Currently Learning:** System Administration, Networking, Cloud (AWS basics), AI tools

## PROJECTS

**Indian Lawyer Chatbot (Jan 2025 - May 2025)**
- Developing a basic chat-bot interface using HTML, CSS, and JavaScript to provide legal FAQs for users.
- Integrating responsive design principles to ensure compatibility across devices.
- Enhancing user interaction with dynamic JavaScript elements like form validation and real-time responses.

**Social Media Web Application (Feb 2023 - Apr 2023)**
- Built a responsive social media featuring user authentication, real-time posts, and comment functionality.
- Styled with CSS/SASS and added interactivity using JavaScript (likes, comments, dynamic loading).
- Optimized for mobile devices using media queries and flexible grid layouts.

**Portfolio Website (Jan 2023 - Feb 2023)**
- Designed a clean, responsive portfolio to showcase projects and technical skills.
- Integrated smooth scrolling, a responsive grid layout, and a contact form with form validation.
- Demonstrated front-end expertise by implementing modern design trends and interactive features.
